

Community Care Foster Family Home Program

Aloha CCFFH Operators,

Everyone should have received a few emails this past week regarding the mandatory training that MedQuest is requiring all CCFFH caregivers to attend. Case Management Agencies and Home Associations may have also sent an email or otherwise provided you with the information. This training is for Oahu caregivers ONLY. Neighbor Island trainings will be offered soon.

This is a reminder that the following training is **Required** and **Mandatory**. You must attend one of the sessions that have been scheduled. Caregivers who attend will receive a 2 hour inservice training certificate. While Primary Caregivers must attend it is recommended that Substitute Caregivers also attend.

The information will cover topics related to the new Federal Rules that will go into effect soon and/or those that have already taken effect. This training will assist you in understanding your obligations as a caregiver, assist you in providing the best services possible and learn valuable skills.

The following is the information you should have already received. Any questions please contact Aileen Manuel from Medquest at 808-692-8109. There are 3 sessions on Monday September 10th and 3 on Sunday September 16th. There are time options available for 10am, 12pm, 2p, 3p and 6pm.

You must register to attend and seats are limited per session although there are plenty of slots for Oahu caregivers to attend at least one of the sessions. You can register on the EventBrite website. **To register** click on the link on the right or the link provided to you in a previous email from MedQuest or type in medquesthawaii.eventbrite.com into your web browser. See flyer at the bottom of this newsletter.

Training Topic: Person Centered Principles. How to create power with people you provide services to.
